

ABOUT ME

Born and raised in Henrietta, NY, Kyle has an enthusiastic drive to pursue his dreams. Unsure of what he wanted to do after high school graduation, Kyle stepped into the unknown in search of answers and quickly found his passion-art. With relentless pursuit, he went forward to college to get an education in his field with a BFA. Dedicated, kind, compassionate, and hard working, Kyle is a great candidate for any position looking to take him onwards and will make an excellent addition to any environment willing to take him on.
